To deploy the software (Installation instructions will include an in-depth version):

- Install the Bookwise folder from GitHub (link here).
- Install the requirements file to import all correct libraries.

Bookwise is a web application that recommends books to users and a social network system in one.

Home Page

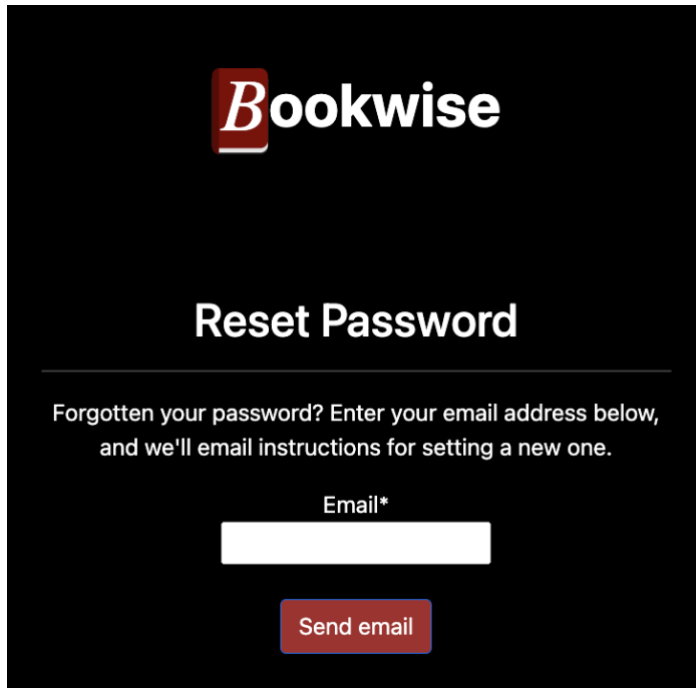

Option to log in if a returning user or sign up if a first-time user.

Sign up

Sign up page for the user.

Valid email must be used as a email verification will be sent.

Forgot Password

A dark-themed form for resetting a password. At the top is the Bookwise logo. Below it is the title "Reset Password". A message says: "Forgotten your password? Enter your email address below, and we'll email instructions for setting a new one." There is a text input field labeled "Email*" and a red button labeled "Send email".

Club Applications

Navigate via Nav Bar -> Manage -> My Club Applications

A screenshot of the 'My Club Applications' page in the Bookwise application. The page has a dark red header with the Bookwise logo, navigation links, a search bar, and a 'Ctrl Intelligence' link. Below the header, the title 'Applications' is followed by the subtitle 'Applications made to your clubs' and a search input field. The main content is a table with three columns: 'Club', 'Name', 'Age', 'Date Joined', 'Bio', and 'Location'. There are three rows of application data. Each row has a small book icon in the 'Club' column. To the right of the 'Location' column, there are 'Accept' and 'Reject' buttons for each application. The first application is from Stephanie Baker, 38, located in Stephenbury. The second is from Josephine Butler, 83, located in Robinsonton. The third is from Marcus Carr, 56, located in Port Patrickstad.

Club	Name	Age	Date Joined	Bio	Location
